Gather here

Welcome to Historic Hunter House & Gardens! We are pleased to offer many options for gatherings and celebrations. The farmhouse estate sits on over two acres, providing elegant social-distancing options both indoors and out, with our expansive veranda and gardens. The

farmhouse estate is located on 2+ acres with a separate 1-acre parking area adjacent to the garden.

The gardens are only the entrée that will delight guests as they soak in the charm of the historic home located minutes from Charlotte in downtown Huntersville, NC.

The farmhouse estate, Circa 1913, underwent a complete remodel in early 2005 and updated more recently to include a modern, sophisticated setting for all types of events. National Historic eligible, the farmhouse estate continues to flourish with the plantings of over 145 new trees, shrubs, blooming flowers and herb gardens. Our outdoor area, complete with corn hole, croquet, and other team-building amenities, is perfect for corporate gatherings.

The farmhouse estate is available to rent for private parties, corporate outings, showers, brunch, teas, and of course, weddings. We offer a robust bar selection, including spirits, wine, beer, and specialty bourbons, to complement our own branded Hunter House cigar. We invite you to view our gallery of photos on our website at hhgevents.com/gallery, and we offer private tours upon request!

Cheers!
